Psychological & Academic Services for Youth & Adults

Proven expertise guided by 12 years of experience serving children, adolescents, and adults in clinical and educational settings. Providing outpatient services including **Evaluation** (cognitive – academic – neuropsychological), **Counseling** (individual – group – cognitive/behavioral methods), **Educational/Behavioral Supports**, **Professional Training** (behavior management – ethics – positive behavior supports), **Program Evaluation**, and **Consultation Services** with parents and school districts

regarding critical and disputed cases involving disabilities. Specialized services include:

- **Evaluation** of Learning Disabilities, ADHD, Mood Disorders, Autism, Emotional Disturbance, Mental Retardation;
- **Behavioral management** consultation with teachers and parents;
- **Counseling** for youth and adults to enhance self-efficacy, problem-solving, social, and stress management skills;
- **Professional development** training in Classroom Management, Facilitating ARDs, Developing FBAs/BIPs, Ethics, & Inclusive Education.

I welcome the opportunity to discuss how my services may support your clients, children, and students across the lifespan. I am available to you by telephone, email, or on-site visits. Best wishes in your work!
